NATURE IS ALWAYS MYSTERIOUS

Nature is always mysterious, with the inspiration of design team designed, researched and developed it, the primitive strength of nature spurts thinly, continuously and it was kept for a long-time just as a sculpture.

Applied nature to the bathroom furniture, is to develop and respect the nature, for as one part of modern bath room, it was separated from the nature many years, its vitality not only has not abated and instead it endowed with charm to bathroom furniture.

MATERIALS

The surface materials of bathroom cabinet can be divided into natural stone, jade, artificial stone, fireproof board, baking paint, glass, metal and solid wood, etc. The base material is the main body of bathroom cabinet, which is covered by surface materials. Material is the determinant of quality and price of bathroom cabinet. The main types of platform basins are natural marble platform, jade, artificial marble, ceramics, etc. Most high-end bathroom cabinets are made of natural marble or jade with ceramic basins.
